General Guidelines

General

max. 150 kB

Please note in the e-mail: Advertiser, campaign name, duration and contact person for queries.

[All standard advertising media should comply with the IAB standard.](#)

The target URL must lead to a functional website at the start of the campaign.

All advertising material must be fully SSL (https) enabled.

Third party tags must be enabled for testing purposes upon delivery.

Delivery Deadlines

Standard Formats: Advertising material must be sent at least 3 working days before the start of the campaign.

Special Formats: Advertising material must be sent at least 5 working days before the start of the campaign and, if necessary, be approved by us.

Delivery Address

Advertising general, Automotive, Real Estate, General Marketplaces

advertising@swissmarketplace.group

General Guidelines

HTML5

HTML5 advertising material must be delivered in a zip file.

The HTML document should be formatted in UTF-8 charset.

The following file formats are supported: HTML, CSS, JS, GIF, PNG, JPG, JPEG

The maximum size of HTML5 advertising material (zip file) is 150 kB. If a target URL is stored, it must be provided with a functioning click tracker. Please refer to the instructions from Xandr (IAB Standard): https://docs.xandr.com/en-US/bundle/monetize_monetize-standard/page/topics/html5-creative-guidelines-and-specifications.html

All references in the advertising material to external resources (JS libraries, videos, images, fonts, tracking pixels, etc.) must be delivered via SSL (https).

Mobile

If you are delivering HTML5 ad media for mobile devices, please include a static fallback (gif/jpg).

We cannot currently guarantee HTML5 support in all areas.

Video

File format: Raw-MP4

Assets have to be delivered separately as PNG

Best Case: No CTA & no graphics

It is possible to work with product carousels

Aspect Ratio: 16:9, 9:16, 4:4, 1:1

Animations/Sound/Flash

The length of the animation within an advertising banner is not limited. However, the recommended maximum length is 30 seconds.

Sound Activation by user interaction only.

Flash files are not allowed.
